Property Damage Waiver

At Backyard Sheds and Gazebos, we make every reasonable effort to prevent damage to property during delivery and installation. However, despite these efforts, property damage may occasionally occur.

Backyard Sheds and Gazebos cannot not be held liable or responsible for any damage to lawns, landscaping, sprinkler systems, vegetation, septic systems, leach fields, dry wells, or fences. Deliveries are made using a pickup truck and trailer; due to the size and weight of the units, ruts or other disturbances to the property surface may occur, particularly during the spring and fall seasons.

If access to a neighboring property is required for delivery or installation, it is the responsibility of the customer to obtain prior written permission from the property owner. Customers are advised to provide neighbors with a copy of this waiver to avoid any potential misunderstandings.

This waiver also applies to the installation of stone pads by Mike's Stone Pads for shed foundations.
